

The quickest & easiest way to create expense reports

## Boating/Shipping/Transportation/Hospitality: Easily track your receipts during a journey and provide organized reporting to owners

Aviation, boating, hospitality, shipping and other leisure companies around the world utilize ABUKAI to save time and money. **ABUKAI Expenses** enables crew and staff to easily capture expense receipts. ABUKAI then turns the receipts and invoices into an organized summary expense report, which then can be directly submitted to remote owners or finance staff. ABUKAI eliminates all the cumbersome work associated with expense reports including typing data from receipts, converting foreign currency expenses, and categorizing each expense.

Crew and staff can focus on providing a great client experience instead of spending time on paperwork or falling behind with bookkeeping. Faster turn-around of bills with better records can improve cashflow, but also improve clarity, oversight and confidence in staff for owners, finance staff or management. ABUKAI even works offline, which saves money on roaming and satellite charges. ABUKAI also recognizes international receipts, in any language or currency.

How ABUKAI works:

Step 1. Simply take a picture of each receipt or invoice when incurred.

Step 2. Press "Submit" whenever you are ready.

Staff and/or owners will receive their finished expense report with cost categorization, date, vendor, amount and all the other information already filled in. In only 2 steps! ABUKAI can also configure approval flows or integrate with central financial management systems e.g. to manage fleets or a large number of properties.

Instead of having to manually enter each expense entry, with ABUKAI Expenses, users only need to take a picture of the receipt anywhere the journey takes them, enabling them to focus on their main tasks and the client experience instead.

**Case Example:** Simple Harmony, a Nautor Swan 68 yacht designed by Germán Frers, fulfills the true sailor's every desire for performance, beauty and grace. The boat marries one-of-a-kind sailing performance with a comfortable, classic interior. Captain Cliff Asbel began his lifelong service to the marine industry while attending the University of Michigan and has dedicated his entire working career to the service of yachts. Cliff utilizes ABUKAI Expenses to track all the receipts and expenses during the journeys. Using ABUKAI, Cliff can keep the owner easily informed on expenses immediately with very organized and transparent reporting.

*"ABUKAI gives me an expense report that I have going to my owner and he can see exactly what is going on in a nice spreadsheet. This really simplified our lives.*

*I have just reviewed the last report with multiple currencies. Frankly, ABUKAI is onto something huge. I couldn't have made it more difficult and yet the result is in the report. Amazing!"*

**Cliff Asbel, Yacht Captain**  
Simple Harmony, 68 ft Swan
