

The quickest & easiest way to create expense reports

## Pharma, Biotech & Medical Devices: ABUKAI Expenses creates significant efficiencies for healthcare-related companies.

PC Magazine Award-winning, **ABUKAI Expenses** eliminates all the cumbersome work associated with creating expense reports including typing data from receipts, categorizing expenses and looking up exchange rates.

Step 1. Simply take a picture of each receipt while on the road or in your office.

Step 2. Press "Submit" whenever you are ready.

You will receive your finished expense report with cost categorization, date, vendor and all the other information already filled in for you. In only 2 steps! Instead of having to manually enter each expense entry, with ABUKAI Expenses, users only need to take a picture of the receipt.

ABUKAI can recognize receipts from around the globe and automatically fills in the appropriate exchange rates. Users just select their home currency within the mobile application and ABUKAI Expenses automatically converts all transactions into the home currency. ABUKAI increases accuracy and compliance over employee-entered expense reports and can deliver real-time electronic transaction data with associated receipt images that can be directly posted into existing systems, reducing finance's effort as well.

**Case Example:** Synergetics is a publically listed corporation that designs, manufactures, and markets precision engineered microsurgical instruments, capital equipment and devices primarily for use in vitreoretinal surgery and neurosurgical applications. It also designs and manufactures disposable and non-disposable supplies

and accessories for use with these products. The company's product lines focus upon precision engineered, disposable and reusable devices, surgical equipment, procedural kits and the delivery

of various energy modalities for the performance of surgery, including laser energy, ultrasonic energy, radio frequency energy for electrosurgery and lesion generation and) visible light energy for illumination, and where applicable, simultaneous infusion (irrigation) of fluids into the operative field.

Synergetics has been a corporate ABUKAI customer for several years. Given ABUKAI's flexibility to integrate with existing system, ABUKAI easily integrated with Synergetics custom document archiving system. In addition, ABUKAI's approval module is utilized to electronically manage approvals across the organization. ABUKAI can also be enhanced for specific tracking of information required for Sunshine Act reporting.
